

# FIRST CHOICE

A carefully selected range of advanced, reliable high quality products for medium and high security applications. All are guaranteed for continuous operation and are stocked by distributors offering next-day delivery

## MONITORED ANSI ELECTRIC STRIKE

### ES3100

- **Stainless steel striker** - holds up to 1,350kg
- **Deep jaw** - accepts 19.05mm latch bolt
- **Compact stainless steel body** - 30mm deep
- **Low current consumption** - 175mA at 12vDC
- **Rapid Fail Open Fail Secure** - function changeover
- **Dual monitoring** - latch bolt and solenoid
- **CE and UL approved** - tested to 1 million cycles

## HIGH SECURITY DEADLOCKING SOLENOID BOLT

### JL38S

- **Stainless steel construction** - holds up to 2,000kg
- **Mortice and Surface fitting** - 37.5mm(w) x 41mm(d)
- **Dual monitoring** - bolt and door position switch
- **Automatic voltage adjustment** - from 12v to 24vDC
- **Low current consumption** - 250mA at 12vDC
- **Built-in Access Control Processor** } Automatic unlock period - 8 seconds
- } Multiple auto relock function
- **CE approved** - tested to 1 million cycles

## WRAPAROUND ELECTRIC STRIKE

### ES3500

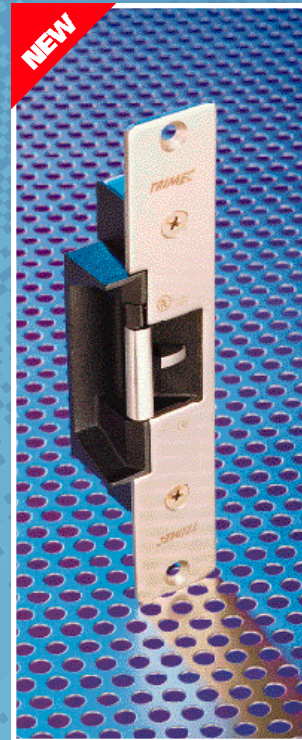

- **Stainless steel striker** - holds up to 1,350kg
- **Deep jaw** - accepts 19.05mm latch bolt
- **Compact stainless steel body** - 30mm deep
- **Low current consumption** - 175mA at 12vDC
- **Rapid Fail Open Fail Secure** - function changeover
- **Dual monitoring** - latch bolt and solenoid
- **Heavy Duty stainless steel face plate**
- **CE approved**

## ELECTRIC RIM STRIKE

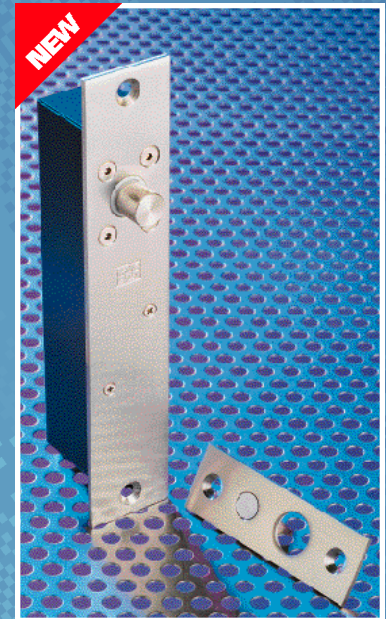

### ES150

- **Stainless steel striker** - holds up to 1,350kg
- **Compact aluminium body** - 36mm depth
- **Low current consumption** - 243mA at 12vDC
- **Rapid Fail Open Fail Secure** - function changeover
- **Weather resistant** - IP56 protection
- **CE approved**

# Locking Solutions

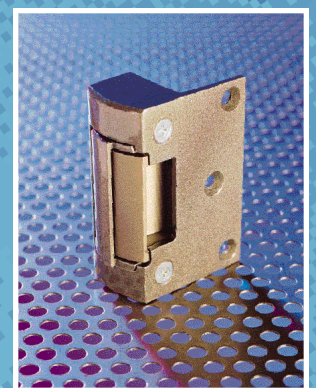

ES3100

JL38S

ES3500

ES150

## SURFACE MOUNT ELECTRIC LOCK

### ES600

- Holding force - 1,350kg
- Opens freely with up to 545kg side pressure
- Self-latching jaw
- Interlock - between rotating jaw and strike plate
- Deadlock protected - against tampering
- Dual monitoring - latch bolt and solenoid
- 12/24vDC - convertible
- Vertical - or horizontal mounting
- Manual over rides and housing options
- Weather resistant - IP56 protection
- CE and UL approved - tested to 2 million cycles

## MONITORED ELECTRIC STRIKE

### ES2400

- Stainless steel striker - holds up to 1,350kg
- Compact stainless steel body - 27mm deep
- Low current consumption - 175mA at 12vDC
- Rapid Fail Open Fail Secure - function changeover
- Extended fixing tabs - twin screw holes
- Dual monitoring - latch bolt and solenoid
- Weather resistant - IP56 protection
- CE and UL approved - tested to 1 million cycles

## SLIMLINE DEADLOCKING SOLENOID BOLT

### JL25R

- Stainless steel construction - holds up to 1,000kg
- Mortise and Surface fitting - 25mm(w) x 41mm(d)
- Dual monitoring - bolt and door position switch
- Automatic voltage adjustment - from 12v to 24vDC
- Low current consumption - 210mA at 12vDC
- Built-in Access Control Processor } Automatic unlock period - 8 seconds
- } Multiple auto relock function
- CE approved

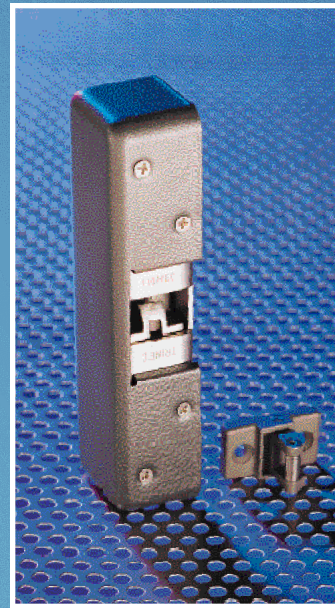

## ANSI ELECTRIC STRIKE

### ES110

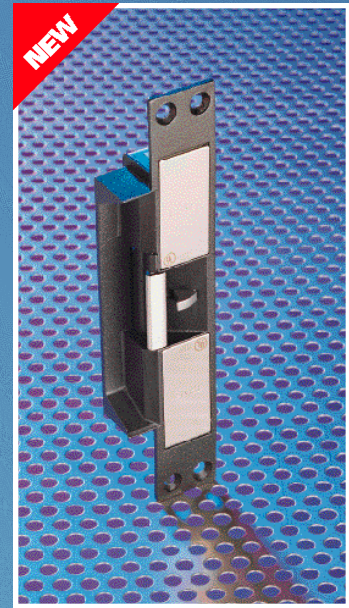

- Stainless steel striker - holds up to 1,350kg
- Compact aluminium body - 35mm depth
- Low current consumption - 243mA at 12vDC
- Rapid Fail Open Fail Secure - function changeover
- ANSI short and long face plates (SAA and SS)
- Weather resistant - IP56 protection
- CE and UL approved - tested to 1 million cycles

## DEADLATCH & PADDLE HANDLE

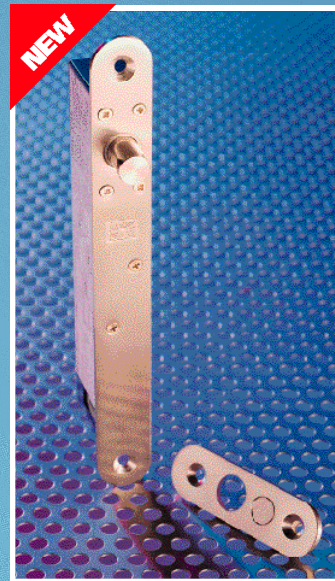

- ANSI dimension cut outs
- Euro or Round screw-in cylinders
- Multiple back sets
- Anti-thrust snibs
- Key-operated holdback
- Paddle handles - Pull or push, left or right
- Round, screw-in Thumb turns (SAA)
